EDUCATION

University of Central Florida

Bachelor of Science in Computer Science, GPA 3.26/4.00

Orlando, FL

Aug. 2019 – Aug 2023

Meta Front-End Developer Professional Certificate - Coursera

Online

Ongoing, Expected April 2025

EXPERIENCE

Software Engineering Intern

Nov. 2023 – Jan. 2024

Bespoke App Solutions

Remote

- Assisted in the development of a website, creating full-stack solutions for deal and appointment visualization.
- Utilized jQuery DataTables to transform raw data into interactive tables, enhancing usability and enabling efficient manipulation and visualization of deal-related data.
- Developed a visual system based on client-specified logic, highlighting issues and statuses to provide visual cues for quick analysis and improved user experience.
- Worked closely with a senior engineer to debug issues, contributing to the overall stability of the software.
- Gained hands-on experience with industry-standard development tools and technologies, such as Laravel (PHP), Bootstrap, Guzzle, Pipedrive API, jQuery, and Postman.

Web and Operations Lead

Feb. 2024 – Present

Zawa Boutique

Orlando, FL

- Designed and developed a Shopify e-commerce site, customizing the frontend for improved user experience and responsive design.
- Implemented SEO strategies, boosting website traffic and online visibility.
- Managed the physical store launch, overseeing digital and operational aspects for a smooth transition.

Undergraduate Teaching Assistant

Jan. 2022 – Aug. 2023

University of Central Florida

Orlando, FL

- Evaluated assignments and tests, providing constructive feedback and ensuring adherence to grading criteria.
- Conducted student group check-ins, guiding projects and ensuring project alignment with course objectives.
- Offered timely support by addressing assignment-related inquiries and providing clarifications on course material.

PROJECTS

Appointment Dashboard | Full Stack Developer | *Laravel, Guzzle, Pipedrive API*

Dec. 2023 – Jan. 2024

- Designed and implemented the frontend, ensuring a seamless user experience.
- Created interactive data tables with jQuery to enhance data visualization and filtering.
- Developed backend solutions for fetching and managing appointment data via Pipedrive API.

Inventory Management App | PM+Backend | *AWS, MySQL, Electron, React, BitBucket*

Aug. 2022 – Apr. 2023

- Led backend development, focusing on inventory tracking and quality control.
- Coordinated Agile development processes, translating sponsor requirements into actionable tasks.

ACTIVITIES

ACM Council on Women in Computing (ACM-W)

Aug. 2021 – Aug. 2023

University of Central Florida

Orlando, FL

- Provided guidance and mentoring to incoming students each semester, aiding in their college transition and navigating coursework effectively.
